

# Worcester for everyone....

## Introducing the Worcester 2000

# Worcester 2000

## Because everyone deserves quality

Designed to be accessible for all.

Allowing you to offer any customer a Worcester Bosch boiler at a price that is more competitive across the industry, while keeping quality and reliability at the core of its design.

- Outputs of 25kW and 30kW
- Max 20kW central heating
- Natural gas only
- 93% ErP efficient
- Quick to install - ability to pipe vertically to the boiler
- Simple to specify - maximum flue lengths of 12m horizontally and 15m vertically (60/100)
- Quiet 45dB(a).

# Worcester 2000

## Because everyone deserves quality

- 5 year guarantee, 6 year guarantee with Greenstar System Filter.
- Tried and tested components
- C6 heat exchanger - An evolution to the WB3 heat exchanger, which is installed in approximately 5 million UK homes
- 1:5 (25kW) & 1:6 (30kW) modulation - as little as 4.8kW
- Same support that's synonymous with the market leading brand.

### Free Greenstar Comfort+ II winter promotion
