# THE ONE BOOK

SHOWER &  
TAP GUIDE

OCTOBER 2022

---

## Methven – we make water amazing.

We believe that how a shower performs is just as important as how it looks. That's why we blend ingenious innovation with beautiful human design.

A pioneer in bathroom plumbing, we are renowned globally for breakthrough shower and tap design, product development, distinctive aesthetics with a focus on performance without compromise. Our dedication to water conservation and quality products has been recognised with a host of global awards for design and innovation.

**Deva**™ by METHVEN

Deva has been supplying showers and taps to the UK market for over 30 years and offers a wide range of products at the right price.

This brochure includes all the vital information you need when specifying our products and the easy to use new-look icons allow you to quickly identify each products benefits. For more information visit our websites or contact us direct.

# A commitment to nature

As a company born in the South Island of New Zealand, nature has always provided our inspiration. Though we never take it for granted, especially when it comes to water.

Pure, fresh water is a necessity of life yet increasingly scarce. That's why at Methven we make taking care of water a primary focus in every product we develop.

A shower typically accounts for around 30% of household water use. So, our innovative shower technologies have been designed to deliver a luxurious experience whilst preserving water.

When you're as passionate about water as we are, making the most of it comes as second nature.

Making magic with water since

# 1886

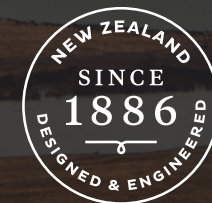

A decorative flourish consisting of a horizontal line that curves downwards at both ends, forming a loop.

Our love of water began the day George Methven began producing brass and iron hardware in New Zealand, back in 1886. Ever since, we've been captivated by its power to transform: to change our moods, lift our spirits, to make us feel refreshed and renewed.

It's a passion that has inspired generations of Methven engineers and designers in a quest to create the ultimate experience of water.

Today, we offer a range of exceptional water experiences that all share one vision. The ability to create a treat for the senses.

This is what sets Methven apart. Because when you experience Methven, you truly experience water.

## Conventional Needle Jet

**A conventional needle jet spray was originally designed to allow water to flow as freely as possible and deliver the maximum amount of water.**

At Methven we believe in optimising water performance creating the best showering experience but, while using less water thereby reducing our environmental impact.

## METHVEN Airstream™

Experience vitality with Airstream™

**A refreshing combination of air and water that delivers a rain like feel to your shower.**

Fully integrated into the base of the handset, Airstream technology allows air to be drawn in and mixed with water at high pressure.

Each air infused droplet then emerges from the shower head as a larger, softer, rain like drop.

## METHVEN Satinjet®

Experience the sensation that is Satinjet®

**A sensation for both mind and body.**

Satinjet uses unique twin-jet technology to create optimum water droplet size and pressure.

Delivering 300,000 of these droplets per second\*, Satinjet creates a truly immersive, full body shower experience.

\*Spray Analysis and Research Services - Test #2010T89+1 Kiri Satinjet at 250kPa

## METHVEN Aurajet™

Experience the unforgettable feeling of Aurajet®

**It looks and feels out of this world.**

Hidden nozzles generate individual jets of water that collide against precisely angled surfaces within Aurajet's open, seemingly floating, shower head.

The result is a stunning fan of luxuriously dense droplets, delivering 20% more spray force than a conventional shower, and twice the amount of water contact with your skin\*. Its enveloping warmth and heavenly feeling has to be felt to be believed.

\*Compared to a conventional Methven shower at 9L per minute

# Confidence In Methven / Accreditations

## ISO 9001 CERTIFIED

We believe that quality of service, before and after sale, is of the utmost importance. It's for this reason that we constantly strive to improve both our service to you and our product offering by listening to your comments and suggestions. By doing this it has helped us achieve and retain the renowned ISO9001 since 1995 – proving to you that we are a quality assured company.

## ISO 14001 CERTIFIED

We believe in looking after the environment by actively seeking to reduce energy consumption, while improving energy efficiency and using renewable or recyclable materials wherever we can. Besides developing our own ideas, whether they are new innovations in design or environmental issues, we also work closely with trade bodies to further ensure you're getting the best products and service possible. In recognition of our focus on the environment, we have achieved ISO 14001 accreditation; demonstrating our commitment towards environmental issues and our pledge to reducing the impact our business has on the environment.

## FREE RIBA APPROVED SEMINARS

We also offer free continuing professional development training on water saving, sustainability and regulatory requirements in partnership with the Royal Institute of British Architects (RIBA) Enterprises.

For more information call 0800 195 1602 or email [cpd@uk.methven.com](mailto:cpd@uk.methven.com).

## BATHROOM MANUFACTURERS ASSOCIATION (BMA)

Methven UK are members of the Bathroom Manufacturers Association. They ensure the industry has a recognised voice with UK government, industry regulators and European standards bodies. The BMA provide an authoritative voice for the industry on all matters affecting manufacturing and supply.

## KUKREG4

The Kiwa UK Regulation 4 Product Approval Scheme (KUKreg4) is a robust method for demonstrating compliance with the Water Supply (Water Fittings) Regulations 1999. The regulations set legal requirements for the design, installation, operation and maintenance of water fittings, systems and appliances, specifically in order to prevent the contamination of drinking water as well as preventing misuse, waste, undue consumption and erroneous measurement.

## TMV APPROVAL

Thermostatic products are an integral part of the Methven and Deva by Methven ranges. For complete peace of mind they maintain a safe water temperature for users and will cut off if the cold water supply fails.

We use third party thermostatic valve accreditation partners to independently test the suitability of product against current legislation. Approval at TMV2 standard means the product complies with BS EN 1111/1287 and indicates suitability for use in the domestic home whilst approval at TMV3 meets

## WRAS WATER REGULATIONS ADVISORY SCHEME

The Water Regulations Advisory Scheme (WRAS) represents more than twenty water companies and:

- Coordinates consistent advice
- Promotes the water regulations
- Offers advice to industry and consumers
- Maintains directory of approved products

Products are tested against various requirements, grouped by:

- Mechanical tests (against TCS\*)
- Material / hygienic tests (against BS 6920)

Methven are strong supporters of WRAS approved products and offer a comprehensive portfolio of both Deva and Methven products which adhere to, and are approved to the stringent standards.

NHS D 08 and indicates suitability for commercial installations such as care homes and hospitals.

Methven are proud to offer products in our portfolio which adhere to these standards having undergone the initial rigorous testing procedure and on-going audit requirements. We advocate continuous in-service testing at regular intervals to ensure there has been no temperature change ensuring maximum safety standards.

TMV approved products are highlighted with the relevant icon and correct at the time of going to print.

# Confidence In Us

The confidence we have in our products mean we are delighted to offer a comprehensive set of warranties for all of our products in our Methven and Deva brands.

All details are laid out below, for the latest warranty information see [www.methven.com](http://www.methven.com) and [www.deva-uk.com](http://www.deva-uk.com) or call us on 0800 195 1602.

## METHVEN

Methven Brand Warranty (subject to the terms and conditions)		
Product	Parts	Labour
Aurajet® Shower Heads & Handsets	Lifetime Replacement*	
Satinjet® & Airstream Shower Heads & Handsets	Lifetime Replacement*	
Tapware**	20 Years	2 Years
Thermostatic Valves	5 Years	2 Years
Shower Accessories	1 Year	
Replacement Components & Parts	1 Year	

Deva by Methven Brand Warranty (subject to the terms and conditions)		
Product	Parts	Labour
Chrome tapware**	12 Years	2 Years
Shower valves	5 Years	2 Years
Shower accessories	1 Year	
Electrical products (including sensor taps)	2 Years	2 Years
Replacement components and parts	1 Year	
Finish		
Outer Coloured Finishes (excluding Chrome)	5 Years	2 Years

\* For the lifetime of the original purchaser \*\* All other finishes 5 Years Parts, 2 Years Labour. Any product that has not been fitted in a private dwelling located in the United Kingdom or the Republic of Ireland will be subject to our Commercial Warranty of 12 months parts and labour, as set out in Condition 8 of Methven's Terms and Conditions of Sale. For full terms and conditions see [www.methven.com](http://www.methven.com)

Methven will not be required to repair or replace products under this warranty where:

- the system the products are fitted to contains debris
- the product has been damaged by misuse, accident, or neglect
- harsh detergents or abrasive cleaners have been used on the product
- the product has been tampered with or repaired in any way other than in accordance with this warranty
- the product has discolouration, corrosion or rusting from 'hard' water and/or other environmental factors

# Water Hardness & Warranty

## What is hard water?

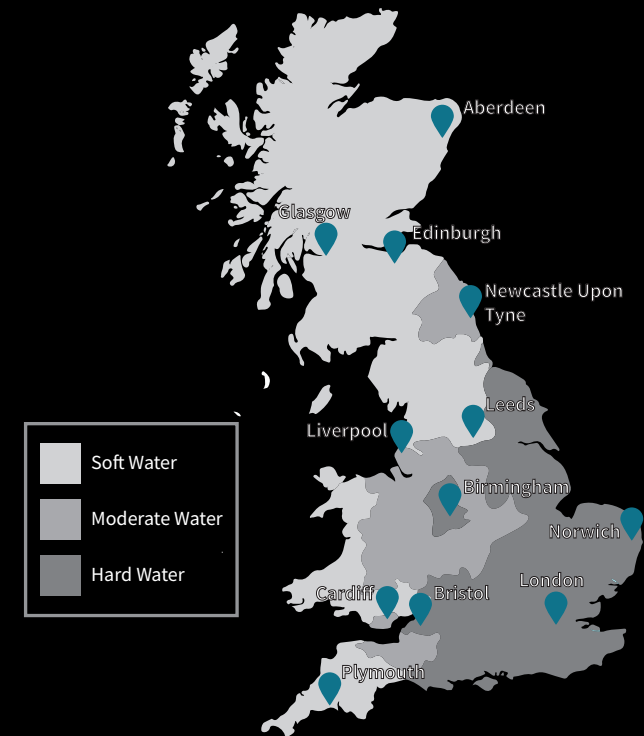

The simple definition of water hardness is the amount of dissolved calcium and magnesium in the water. Hard water is high in dissolved minerals, largely calcium and magnesium.

## Hard water and warranty

Hard water is a factor beyond our control. If limescale accumulates it can impact the functionality and finish of your taps and showers and affect the warranty conditions.

Here's a few simple steps to take to avoid damage to your products:

- Clean your taps regularly with warm water and a soft cloth to prevent stains.
- Never use harsh abrasive cleaners as these can damage the products finish.
- In particularly hard water areas consider the installation of a water softener to counteract the effects of limescale.

This map is a guide to water hardness by region, for absolute confirmation of the water hardness in your area please contact your local water authority.

# Water Saving Flow Regulators

Our flow regulators are cheap and easy to fit and will save you money on your water and heating bills year after year.

## Showers

### Seal Flow Regulator

#### Features

- Replaces the standard seal in hoses and flexi-tails to reduce water consumption
- Regulates flow constantly to the L/min shown

Code	Description	Ex.VAT	Inc.VAT
HSR 2	Flow regulator for shower hose – 2 L/min 	£3.95	£4.74
HSR 3	Flow regulator for shower hose – 3 L/min 	£3.95	£4.74
HSR 4	Flow regulator for shower hose – 4 L/min 	£3.95	£4.74
HSR 6	Flow regulator for shower hose – 6 L/min 	£3.95	£4.74
HSR 8	Flow regulator for shower hose – 8 L/min 	£3.95	£4.74
HSR 9	Flow regulator for shower hose – 9 L/min 	£3.95	£4.74

Code	Description	Ex.VAT	Inc.VAT
FRAV 9	Flow regulator to fit a shower head - 9 L/min 	£3.95	£4.74
FRHS-8	Flow regulator for shower handset – 8 L/min 	£3.95	£4.74

## Taps

### For Mono Basin And Mono Sink Mixers

#### Features

- Reduces flow to the L/min shown
- Replaces standard anti-splash in mono basin, kitchen mixers and basin pillar taps
- Regulates flow constantly

Code	Description	Ex.VAT	Inc.VAT
FR101-3	Flow Regulator for Basin Pillar Taps - 3 L/min 	£6.33	£7.60
FR101-4	Flow Regulator for Basin Pillar Taps - 4 L/min 	£6.33	£7.60
FR101-6	Flow Regulator for Basin Pillar Taps - 6 L/min 	£6.33	£7.60
FR113-4	Flow Regulator for Mono Basin and Sink Mixers - 4 L/min 	£6.33	£7.60
FR113-5	Flow Regulator for Mono Basin and Sink Mixers - 5 L/min 	£6.33	£7.60

### Flow Regulator

#### Features

- Outlet regulator at 1.0 bar+
- Regulates flow constantly to the L/min shown

Code	Description	Ex.VAT	Inc.VAT
FR106-12	Flow Regulator for Bath Shower Mixers above 1.0 Bar 	£10.28	£12.34
FR106-7	Flow Regulator for Bath Shower Mixers above 1.0 Bar 	£10.28	£12.34

## Homeowner Savings

Changing your showerhead to 8 litres per minute

Annualised Savings	15 LPM	8 LPM
Cost of water per shower (£)	£247.13	£131.80
Cost of Gas per shower (£)	£243.67	£129.96
Total cost	£490.80	£261.76
Carbon per shower (kg)	707.96	377.58
Cash saving (£) vs 15 LPM		£229.04
Water saving (l) vs 15 LPM		37,443.8
Energy saving (kWh) vs 15 LPM		1,536.7
CO <sub>2</sub> e saving (kg) vs 15 LPM		330.4

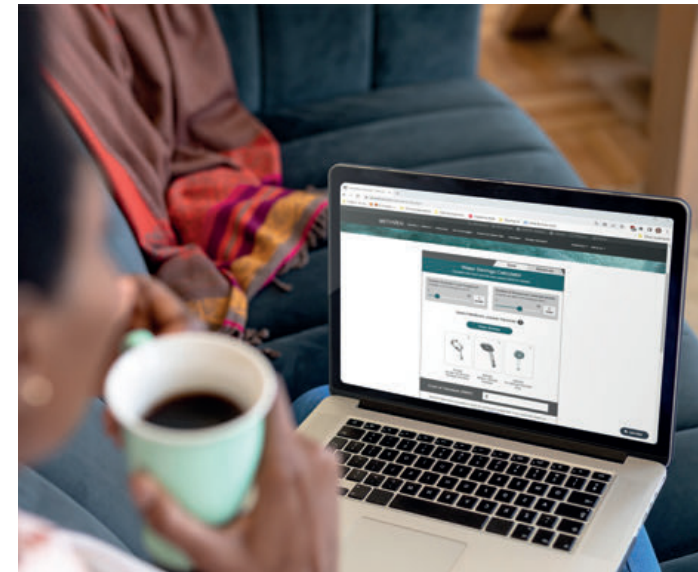

\*Calculated for average household size of 2.4 people, showering once per day, for 11 months of the year, for 6.5 mins, using a gas combi boiler, with an outlet temp of 40°C and inlets of 10°C cold and 60°C hot. Energy and water cost as of May 2022.

## Water Savings Calculator

The average household could save up to **£310 per year** by using a Methven shower\*

Here at Methven, we believe in making the smart choice when it comes to water-saving products. Our online calculator shows how switching from a conventional needle jet shower to one of our showering technologies will help you to save money.

Methven's tapware and showering range meets energy saving targets and complies with Part G water conservation regulations. With a choice of stylish taps that deliver 4 to 6 litres per minute and showers with a flow rate of up to 8 litres per minute, Methven is future-proofing homes and reducing water and energy usage, all without any compromise on performance.

Scan to see how much you can save

\*based on average household of 2.4 people, reducing flow rate from 15 to 5.5 PLM, shower time = 6m 36s, 11 months/year, May'22 energy prices

## The Shower & Tap Brand.

Deva provide a wide range of products for both domestic and commercial applications.

As one of the largest suppliers of showers and taps to the UK market and with over 30 years heritage, Deva has developed a reputation for providing excellent levels of service and customer care, bringing products to the market of the highest quality at the right price. From concept through to manufacture, we are backed by a testing programme unrivalled in our industry.

Deva deliver the latest styles of bathroom and kitchen taps, showers and shower accessories, next day – nationwide. We pride ourselves on our service first policy. Not only do we deliver 98% of orders next day in full, we also aim to provide the highest standards of customer service. Our in-house customer service technicians are fully trained to provide personal, friendly and in-depth support as well as our field based Area Sales Managers.

Deva became part of the Methven Group in 2007 and operates from Methven UK headquarters in Lancashire. Methven as a group, are innovative, design focussed and conscious to produce product ranges which meet both consumer need, legislation and regulatory requirements whilst minimising our impact to the environment.
